

# Pipeline Replacement Project

## **ECHELON ROAD AND OTHERS PROJECT**

South Jersey Gas is improving our natural gas infrastructure that provides safe, reliable, affordable natural gas to 400,000 customers across southern New Jersey.

The upcoming work in your neighborhood is part of our company's ongoing pipeline replacement program, which upgrades aging natural gas mains and services with new, durable plastic.

We may dig on your property as part of this work. A temporary repair will be made until final restoration occurs, typically within 60 to 90 days. Openings in concrete will be temporarily patched with asphalt until final restoration occurs. Openings made in grass areas during the winter may not be restored until warmer weather to facilitate growth.

Residents along this project route will have access to and from their properties at all times. Appropriate traffic control personnel will direct motorists and pedestrians around all work.

### **Our Commitment**

We take great care in implementing construction practices that limit disturbances to homeowners and businesses and we understand your time is valuable. We appreciate your patience and thank you for allowing us to provide you with safe, reliable, affordable natural gas service.

**Municipality:** Voorhees Township  
**County:** Camden

### **Project Timeframe**

July 2026 - September 2026

### **Streets Directly Affected**

Chandler Lane  
Dunhill Court  
Dunhill Drive  
Heritage Grove Apartments  
Kirkbride Road  
La Bonne Vie Apartments  
Lucas Lane  
Millbank Court  
Millbank Lane  
The Vista Lakeside Apartments  
Tomlinson Green Apartments  
Van Buren Road (Echelon - Lucas)  
Vista Apartments  
Wayside Lane

### **Project Scope**

- Work will take place Monday through Friday, from 7:00 a.m. to 5:00 p.m. Some Saturday work during the same time frame may occur.
- Our certified contractor will replace aging gas mains with new, durable plastic pipe.
- Service lines from the gas main in the street up to the gas meter will also be replaced.
- If your gas meter is located inside of your home or business, it will be relocated outside.
- Your gas service will be temporarily turned off but will be restored as quickly as possible, in most cases within 8 hours.
